

User Manual - PAS / HRAD (Vehicle Scheduling)

Who you are: the person who controls the vehicle, driver, and schedule.

Managing Vehicles and Schedules

1. Log in and open the Vehicle Schedule / Calendar view.

[SCREENSHOT: H1 - Calendar View (monthly)]

(place the actual screenshot here)

2. Vehicle requests that require a company vehicle appear as a Pending Schedule on the calendar.

[SCREENSHOT: H2 - Pending Schedule on the calendar]

(place the actual screenshot here)

3. Click the request and select the vehicle and driver. The trip type is locked to the requester's choice; you may still choose whether the schedule is straight or split for a round trip.

(place the actual screenshot here)

4. Save to update the calendar. It remains Pending until fully approved; the "Pending" label disappears once Approved.

Fixed / Permanent Schedules

1. For recurring trips, click Manage Fixed Schedules.

[SCREENSHOT: H4 - Manage Fixed Schedules Modal]

(place the actual screenshot here)

2. Set a trip for each day so it does not need to be entered daily.

Note: Truck schedules (Logistics/PPC): Logistics/PPC staff have separate access limited to truck schedules only - regular vehicles are not included.
