

User Manual: Requester

Who you are: a regular employee who needs to leave the premises, use a vehicle, or release items.

Creating a Request

1. Log in with your name and password. You may type your full name, a leading part of your name, any individual part of your name, or your Employee ID; capitalization does not matter. To change your password, click the profile chip (your name and avatar) at the top right of the screen; this opens the Change Password dialog.

2. On the dashboard, choose the gate pass type (Person / Vehicle / Material). On a mobile phone, the New Form Request button appears at the top of the dashboard.

The screenshot shows the 'New Person Gate Pass' form within the 'Form Request System'. The left sidebar contains a 'MAIN MENU' with 'New Form Request' highlighted. The main content area has a 'New Form Request' header and two tabs: 'Person Gate Pass' (selected) and 'Material Gate Pass'. The 'Person Gate Pass' tab is described as 'For associates leaving the company premises.' The form fields include: 'DESTINATION' (text input), 'FROM (EXPECTED OUT)' (date/time picker with a 'Set Now' button), 'TO (EXPECTED IN)' (date/time picker with a 'Set Now' button), 'PURPOSE' (text input), and 'Additional Companions' (a section with a description, a table for adding companions, and an 'Add companions' button). At the bottom, there is a question 'Will you return to the company today?' with two radio button options: 'Yes, I will return' (selected) and 'No (Requires Time Out Only)'.

3. Fill in the details: name, date, time, purpose, and destination. If a company vehicle is needed, select the trip type. In the Associates section, choose Kasama ako if you are going out too (the default), or Para sa iba lang if you stay inside and the pass covers only the listed associates; at least one associate is then required. Tick the Employee checkbox on a companion row to pick from the employee directory (the suggestion list shows up to six matches), or leave it unticked and type the name of an outside companion such as a visitor or an OJT. Pressing Enter on a finished row adds the next companion row.

New Form Request

Person Gate Pass
For associates leaving the company premises.

Material Gate Pass
For listed items being taken out of the premises.

DESTINATION *

philvocs

FROM (EXPECTED OUT) *

01:11 PM

Set Now

TO (EXPECTED IN) *

03:00 PM

Set Now

PURPOSE *

To visit and conduct research partnership with MPI.

Additional Companions
You (the requester) are the primary associate. Add co-travellers leaving with you (max 15).

LYNDON LAUREN A. BALOIS (GA407)

IT DEPARTMENT - IT SENIOR SUPERVISOR

Will you return to the company today?

☒ Yes, I will return ☐ No (Requires Time Out Only)

☒ **Company Vehicle Needed**

TRIP TYPE

Hatid at Sundo

 Approval Flow: Immediate Superior → HRAD Assignment → President → PAS

Cancel [Submit Request](#)

4. Click Submit and wait for approval from your superior or the person in charge.

Checking Status and Printing

1. Go to the My Requests tab. You may also tap a statistic card on the dashboard to filter the request table; tapping the same card again clears the filter.

APPROVED BY  LUZVIMINDA C. SOLAS IMMEDIATE SUPERIOR		PRESIDENT	NOTED BY  LUZVIMINDA C. SOLAS PAS
ACTUAL OUT 10:21 AM Guard 1	ACTUAL IN	REMARKS CLOSED	

Printed form notes: when the requester is not going out, the form prints a REQUESTOR line above the NAME OF ASSOCIATES section, separated by a rule line. A service indicator prints

under VEHICLE AND PLATE when the trip is a service or pick up run (for example, SERVICE / SUNDO, REQUESTOR NOT ABOARD). For company vehicle passes, the PRESIDENT signature line carries the printed name TOMOAKI MAEKAWA and is signed by hand on paper.

Note: Tip: print only once the request is Approved. The QR code on the form is what the guard scans, so make sure the print is clear.
