

User Manual: Approver (Immediate Superior)

Who you are: the person with the authority to permit an employee's request.

Approving or Rejecting a Request

1. Log in and go to the Approval Dashboard. Users with approval duties also see a For Your Approval card on the main dashboard showing the pending approval count; tapping it opens the Approvals page.

2. Click Review beside the requester's name.

3. Read the details: destination, purpose, and (if a vehicle is involved) the schedule.

Note: Once you approve, the request moves to the next applicable digital step: HRAD Assignment for company vehicle requests, then PAS Noting as the final digital step. There is no digital President approval step; the President signs the printed company vehicle form by hand as the final approval. The Immediate Superior step is skipped when the requester is an immediate superior.
