Who you are: the person who controls the vehicle, driver, and schedule. The HRAD vehicle assigners are Joy (GA120), Roxanne Encinada (GA139), and Myla Mae Abarquez (GA412).

Managing Vehicles and Schedules

1. Log in and open the Vehicle Schedule / Calendar view.

The screenshot shows the 'Vehicle Schedule Calendar' interface. On the left is a blue sidebar with a 'Form Request System' logo and a 'MAIN MENU' containing 'Dashboard', 'New Form Request', 'Schedule Calendar', 'Approvals', 'Vehicles & Drivers', and 'Department Logs'. The 'Approvals' item is highlighted with a red circle and a red notification badge. The main content area is titled 'Vehicle Schedule Calendar' and includes a sub-header 'Monitor and manage all fleet bookings and recurring schedules'. Below this is a search bar with filters for 'JUMP TO DATE', 'DRIVER' (All Drivers), 'VEHICLE' (All Vehicles), and 'STATUS' (All). A 'SEE ARCHIVED SCHEDULE' checkbox and a search input field are also present. The calendar itself displays a grid for July 2026, with dates from 28 to 31. A 'Vehicles' tab is selected, showing a list of vehicle assignments for each day, including '5:30 AM HONDA CRV', '5:30 AM HONDA HRV', and '5:30 AM HONDA BRV'. A 'Log Out' button is at the bottom left of the sidebar.

2. Vehicle requests that require a company vehicle appear as a Pending Schedule on the calendar.

The screenshot shows the 'Workflow Approvals' interface. The left sidebar is identical to the previous screenshot, with 'Approvals' highlighted. The main content area is titled 'Workflow Approvals' and includes a sub-header 'Pending Approvals Requiring Your Action'. Below this are two approval cards for 'ANGELI M. GRANADO'. Each card shows 'PERSON DATE PASS', 'Control: 87N628-483', 'Destination: T23', and 'Department: IT DEPARTMENT'. A red circle highlights the 'Review Document' button on the first card. The second card is partially obscured. The top right of the interface shows the date 'Thu, Jul 9, 2026, 01:20 PM' and the user 'CHRISTINE JOY A. MANGAHIS'.

3. Click the request to open the assignment modal. The modal shows the requested schedule window, the trip type (Hatid, Sundo, or Both, with a note when the requester is not aboard), and vehicle and driver availability. Select the vehicle and driver. The trip type is locked to the requester's choice; you may still choose whether the schedule is straight or split for a round trip.

A split schedule (for example 10:00 to 11:00 in the morning and 1:00 to 2:00 in the afternoon) is stored as two separate reservation windows, so the calendar keeps the gap vacant. The system refuses to forward an assignment when the selected vehicle or the selected driver is already booked in any requested window, including recurring fixed runs.

4. Save to update the calendar. It remains Pending until fully approved; the "Pending" label disappears once Approved.

The Request Service Schedule button on the Vehicle Schedule Calendar routes to the standard New Request form with Company Vehicle already ticked.
